*We guarantee this puppy is purebred and will be registered with the CKC.

*We guarantee that all vaccinations and dewormings have been given as stated on the vaccination schedule.

MANDATORY 48

HOUR VET CHECK

The puppy will be checked by our veterinarian at approximately 8 weeks of age.

We request that the buyer have this puppy examined by a licensed veterinarian of their choice within 48 hours of taking possession of this puppy.

If this puppy is found to have a *life threatening* hereditary congenital defect or any major health problem at this exam, a replacement puppy of equal value will be given, provided that the seller is notified within 24 hours after the exam. This puppy must be returned to the breeder along with the CKC registration papers within 24 hours with a signed document from the licensed veterinarian stating the defect or problem. We, the breeder, are not responsible for any veterinarian bills acquired by you, the buyer. *(The purpose of this exam is to establish with your own vet that the pup is indeed healthy; we make every effort to provide you with a healthy, happy puppy. We just want to have your vet agree!)*

This guarantee does not include uneven bites, injuries, fleas, mites, ringworm, kennel cough, hernias, coccidia, giardia or any other intestinal worms / parasites, or demodex, as they are common in dogs and puppies. The breeder will not be responsible for Parvo, Distemper, or Corona Virus after 48 hours of the sale, as these are highly contagious **viruses** and can be contracted immediately after leaving the breeder. *(Your puppy has been started on a vaccination and deworming program; please consult with your veterinarian, at your 48 hour visit for subsequent vaccinations and relevant care. Subsequent vaccinations are usually at 12 and 16 weeks, and rabies after 16 weeks.)*

THREE YEAR CONGENITAL HEALTH GUARANTEE

This puppy is guaranteed for three years from the date of birth against *life threatening* congenital defects. If within that time, a life threatening congenital defect (life threatening aortic stenosis, cardiomyopathy, elbow or hip dysplasia) is found by a licensed veterinarian, the breeder will replace the puppy with another puppy of the same quality and price, according to availability. The purchaser must provide, at their expense, a written statement from a licensed veterinarian. The breeder reserves the right to request a second opinion by our own veterinarian, or a mutually agreeable alternate vet, if the puppy is residing in a city other than Calgary.

In the RARE event of this puppy's death in the first three years due to congenital defect, a statement from a veterinarian confirming such an event and its cause is required before any action will be taken by the breeder. If cause is unknown, an autopsy is required. *(An autopsy can determine the cause to be genetic vs environmental. For example: heart problem vs getting into the garage and consuming antifreeze. The cause of death must be determined).* The death, injury or loss of said dog, due to theft, carelessness, recklessness, abuse, neglect, heat stroke, or accident will not entitle the buyer to any compensation of the seller.

The buyer is responsible for veterinary or medical bills incurred.

SHOWING AND BREEDING

Show and breeding prospect puppies are sold on co-own or with non breeding contract in place.

We do not guarantee that your puppy will achieve a title, or guarantee that your puppy will be able to be used for breeding purposes when full grown. It is agreed

that at the time of this sale, this puppy has the characteristics and pedigree desirable for competition and breeding purposes.
(I cannot foresee sterility or all conformational issues at 8 weeks of age).

** Sold on private contract**.

PUPS SOLD ON A PET CONTRACT

The buyer agrees to have the above puppy spayed (for females) before the age of eight months. OR The buyer agrees to have the above puppy neutered (for males) before the age of fourteen months. Documentation of spay or neuter is to be supplied to the breeder within a week of procedure. After this documentation is provided to the seller, it is agreed that the pedigree then be transferred into the buyers name.

***IF you do not wish to alter the puppy, please discuss with breeder before placement. It is agreed that all registration will stay in a co-own format or solely in the name of the breeder.

OR

A CKC non breeding agreement will be signed by both seller and buyer.

VACCINATIONS AND DEWORMING

Your puppy has been on a regular vaccinations and de-worming schedule here and is up to date. These records will be provided to you. Please take these records to your veterinarian as it is important to continue with these vaccinations and worming after you get your puppy home

AGREEMENT OF CARE

The buyer agrees to take good care of this dog, feed it and house the dog properly (indoors), maintain shots, control the dog on a leash in a public place and when off the premises of the dog's home. The dog's outdoor area will be fenced in and secure. Care will be taken to assure the dog is safe any time he/she is outdoors. Buyer agrees to give the dog proper physical and emotional care. Buyer must agree to house the dog indoors as its primary housing. (*Boxers are short haired dogs and cannot withstand the cold winter temperatures here in Alberta!*) If the dog is found to be running freely, creating a public nuisance, or found to be neglected, abused or allowed to live in poor conditions, the seller reserves the right to take repossession of this dog with no refund or replacement to the buyer.

DEPOSITS LEFT ON UPCOMING LITTERS

Deposits received on upcoming litters will be placed in order of receipt. Upon whelping, breeder will contact the buyer for right of choice: first pick, second pick, etc. . .

If the litter does not produce desired sex or characteristics satisfactory to the buyer, the deposit is fully transferable onto an upcoming litter. Should the buyer be unable to commit to the puppy once chosen, it is agreed that the deposit be transferred onto an upcoming litter.

The breeder agrees to evaluate said puppy at 6 weeks of age to ensure that the disposition of each puppy is appropriate for the family it is being placed into. We do our best to be great match makers!

*****Please note: Paradigm Boxers always reserves the right to first and/or second pick puppies.*****

If the buyer is unable to keep this dog for any reason, the buyer agrees to return the dog DIRECTLY back to the breeder at no cost to the breeder.
There is NEVER a reason for one of our puppies to end up in a shelter, or rescue!

This contract is valid for the original purchaser that purchased the boxer puppy/dog from the breeder. This contract is NOT transferrable.

We appreciate and Enjoy updates on how our babies are doing in their new homes!!!!
